Mr. Eagleton:

I have never met you before.

As a candidate for Putnam Magistrate Court please share with me more specifics regarding your legal background and experience.

It appears that you have never passed a bar exam in any state. Is that correct? Where exactly is your mediation firm located and how long has it been physically located at that address? Please clarify with specific information.

Your campaign website says that you worked for Fulton County Superior Court Judge Schwall. I personally know Fulton County Superior Court Judge Schwall. What work did you do for him and when was that?

How long have you lived in Putnam County and what works have you done to contribute to the improvement of the Putnam County Community?

Where exactly do you reside in Putnam's County? Do you own your home or rent same? If renting, exactly how long have you been a Putnam County resident?

I eagerly await your forthright responses and look forward to sharing your responses (or lack thereof) with the Putnam County Community.

Thanks,

Michael Gailey
